

WebaBILLity Online Management Reporting

WebaBILLity provides complete access to call and billing information whilst also allowing configuration of user details and alerts. The intuitive user interface is simple to use and offers a range of features that meet all the reporting requirements required by businesses of all sizes. The home page shown below provides access to the four key areas of information.

Welcome to WebaBILLity - Please make your selection from the options below:

CALL ANALYSIS

This gives you the ability to view call information for current and past billing periods. A filtering tool is provided to report on various parameters including duration, call cost, and price range.

REPORTS

The following reports are currently available: Extension Analysis, Department Analysis, 30 Longest Calls and 30 Most Expensive Calls. These can be queried per site and against previous periods.

USER ADMIN

User Information held against the Extension can be added, deleted or updated.

EALERTS

@ Set up automatic notification of calls that you would like to be alerted about. An e-mail will be automatically sent to you when a call is made that matches the criteria.

You can request to be automatically sent details of selected calls via email.

EALERT SELECTION (3)

Ealert name: _____

Ealert email address: _____

Ealert title: _____

SELECT WHAT YOU WANT TO BE ALERTED ON:

CALL ANALYSIS

Call analysis gives you the ability to view call information for duration, call cost, and price range amongst others.

Select site to search: and the billing period: _____

Fill your search criteria by completing any of the fields
